# Primark

**Primark's in-house design & manufacturing team produce custom identification products & ensure fast service, flexible product usage & wholesale flat-rate prices.**

Our Team is dedicated to workplace safety and our goal is to ensure that the projects of our clients comply with all North American identification regulations.

Primark is committed to manufacturing identification products that minimize room for error.

Primark works hard to engineer innovative products as well as provide competitive flat-rates and fast delivery.

Primark is a team of product specialists who would like the opportunity to provide all of this for your team's next project.

# MISSION. VALUES. INDUSTRIES.

## MISSION

Primark's mission is to manufacture superior identification products, provide expert advice & deliver anywhere in North America.

We achieve this by offering:

- Custom Solutions
- Quality Materials
- On-demand Distribution

## VALUES

Through Primark's commitment to flexibility, flat-rate purchases & fast deliveries, we are able to ensure that superior products are achievable & delivered on a daily basis

### *Flexible Improved design.*

Primark's flagship product, the coiled pipe marker, is designed to easily wrap around multiple pipe sizes. This allows you to save money by requiring less individual pipe marker sizes and results in faster installation, saving you time.

### *Flat-Rate No minimum order.*

Primark's flat-rate pricing allows you to order any quantity & still receive competitive prices. Whether your quantity is 99 or just 9, our flat-rate prices will remain the same, saving you money.

### *Fast Next day delivery.*

Every day, Primark delivers next day orders across North America. Clients depend on Primark to meet tight delivery deadlines for their installation dates.

## INDUSTRIES

Primark is proud to provide our services & products to a diverse range of industries. We provide these industries with unique solutions that adhere to North American & global identification regulations:

- COMMERCIAL
- HEALTHCARE
- FOOD & BEV.
- AUTOMOTIVE
- CHEMICAL
- INDUSTRIAL
- MARINE
- MILITARY
- OIL & GAS
- ENERGY

## PRODUCTS

Primark offers an extensive product range of markers, tags, signs & accessories. Primark helps clients to search quickly & easily by product line, industry & budget.

- MARKERS
- TAGS
- SIGNS
- ACCESSORIES

To receive free product samples, obtain our latest product catalogue or place your next day order, call Primark now toll-free 1800.528.0703

# DESIGN. MANUFACTURE.

ABOUT PRIMARK

*To design a personalized sample , call the in-house Primark team now toll-free 1800.528.0703*

## DESIGN

Designing custom identification products can be complex. Primark's in-house design team are professionals in creating personalized identification products. Using your specifications, Primark will design your custom ID product & can add elements such as:

- custom logo
- custom graphics
- custom text
- custom barcode

## MANUFACTURE

Primark manufactures its identification products in-house for markers, tags & signs. Primark ensures that the highest level of quality, durability & testing is maintained. Primark provides clients with a wide range of flexibility for product customization with no additional fees. Primark will manufacture your custom identification products & can use techniques such as:

- die-cut stamping
- laser etching
- color printing

## DELIVERY

Once your products are manufactured, Primark will pre-sort & pre-pack your products at no additional expense, helping minimize installation time & cost.

Product pre-sorting can be organized by building, floor & area. Whatever is easier for you.

## REQUEST FOR TENDER (RFT)

Primark accepts RFTs and will make product recommendations upon review. Primark also will provide technical data sheets & custom product samples.

Primark's RFT submittal process allows clients to obtain approval for products needed for multiple systems of their project, which include:

- Plumbing
- Fire Protection
- Electrical
- HVAC

*To see how we can pre-pack & pre-sort your products at no additional expense, call Primark now toll-free 1800.528.0703*

# COIL PIPE MARKERS

## CUSTOM OPTIONS

Markers can be fully customized to fit any specific needs & include:

- ▶ *Wording Content*
- ▶ *Equipment Numbers*
- ▶ *Branded Logo's*
- ▶ *WHMIS Symbols*
- ▶ *Telephone Numbers*
- ▶ *Custom Colouring*

## HOW TO ORDER

- 1 Determine** the size of the existing pipe(s) which require identification.
- 2 Establish** the appropriate text, colour, & quantity that are essential for the pipe(s) requiring identification.
- 3 Contact** Primark via telephone, email or text message to receive a quote based on your identification necessities!

## Easy to apply. Standardized. Snap on.

**Product Description** Primark Coiled Pipe Markers are made from rigid PVC vinyl with 20mil thickness. Manufactured for simple application and for any identification purpose necessary. Markers are suitable for temperatures of -40°F to 160°F. Sizing for coil markers range up to 6" diameter with included directional arrows on all markers.

MaterialPrint	Example	Pipe Sizes	Complies with
YELLOW BLACK	HEATING WATER SUPPLY →	1/2" - 5/8"	All markers comply with: ASME A13.1 "Scheme for the Identification of Piping Systems" CAN/CGSB-24.3-92 and ANSI A131-1981 colour coding schemes.
GREEN WHITE	DOM. COLD WATER →	3/4" - 2"	
BLUE WHITE	COMPRESSED AIR →	2" - 4"	
ORANGE WHITE	120 / 208 VOLTS →	4" - 6"	
RED WHITE	SPRINKLER LINE →		
BLACK WHITE	GREASE LINE →		
WHITE BLACK	VACUUM LINE →		

# TIE-STRAP PIPE MARKERS

**For bigger pipes, without requiring a bigger budget.**

**Product Description** Primark Tie-Strap Pipe Markers are made from rigid PVC vinyl with 20mil thickness. Manufactured for application with included tie-straps for larger piping. Tie-strap markers are suitable for temperatures of -40°F to 160°F. Sizing for tie-strap markers range from 6" diameter to 18" and over. Tie-Strap Markers are shipped with 36" Tie-Straps for application and mounting.

Material Print	Example	Pipe Sizes	Complies with
YELLOW BLACK	HEATING WATER SUPPLY →	6" - 10"	All markers comply with: ASME A13.1 "Scheme for the Identification of Piping Systems" CAN/CGSB-24.3-92 and ANSI A131-1981 colour coding schemes.
GREEN WHITE	DOM. COLD WATER →	10" - 18"	
BLUE WHITE	COMPRESSED AIR →	18" & over	
ORANGE WHITE	120 / 208 VOLTS →		
RED WHITE	SPRINKLER LINE →		
BLACK WHITE	GREASE LINE →		
WHITE BLACK	VACUUM LINE →		

## CUSTOM OPTIONS

Markers can be fully customized to fit any specific needs & include:

- ▶ *Wording Content*
- ▶ *Equipment Numbers*
- ▶ *Branded Logo's*
- ▶ *WHMIS Symbols*
- ▶ *Telephone Numbers*
- ▶ *Custom Colouring*

## HOW TO ORDER

- 1 Determine** the size of the existing pipe(s) which require identification.
- 2 Establish** the appropriate text and quantity that are essential for the pipe(s) requiring identification.
- 3 Contact** Primark via telephone, email or text message to receive a quote based on your identification necessities!

Need something not listed? Feel free to call our toll free number to speak with a live representative!

# ADHESIVE PIPE MARKERS

## CUSTOM OPTIONS

Adhesive Markers can be fully customized to fit any specific needs & include:

- ▶ *Wording Content*
- ▶ *Equipment Numbers*
- ▶ *Branded Logo's*
- ▶ *WHMIS Symbols*
- ▶ *Telephone Numbers*
- ▶ *Custom Colour(s)*

## HOW TO ORDER

- 1 Determine** the size of the existing pipe(s) which require identification.
- 2 Establish** the appropriate text, colour, & quantity that are essential for the pipe(s) requiring identification.
- 3 Contact** Primark via telephone, email or text message to receive a quote based on your identification necessities!

## Peel and stick.

**Product Description** Primark Adhesive Pipe Markers are made from .0032" thick PVC with peel and stick adhesive backing. Manufactured for applications in which thin, adhesive stick-on markers are necessary. Applies well to all metal, plastic, stainless steel and black iron piping.

MaterialPrint	Example	Pipe Sizes	Complies with
YELLOW BLACK	HEATING WATER SUPPLY →	3/4" - 1 1/4"	All markers comply with: ASME A13.1 "Scheme for the Identification of Piping Systems" CAN/CGSB-24.3-92 and ANSI A131-1981 colour coding schemes.
GREEN WHITE	DOM. COLD WATER →	1 3/8" - 2 1/4"	
BLUE WHITE	COMPRESSED AIR →	2 1/2" - 6"	
ORANGE WHITE	120 / 208 VOLTS →	8" - 10"	
RED WHITE	SPRINKLER LINE →	10" & over	
BLACK WHITE	GREASE LINE →		
WHITE BLACK	VACUUM LINE →

# STENCILS AND CEILING MARKERS

## Fully customizable. And re-usable.

**Product Description** Primark Stencil Pipe Markers are made from rigid PVC vinyl with 20mil thickness. Applied through the use of stencil ink and can be reused for future projects. Ceiling Markers come in T-Bar or circular adhesive locator options for identifying valves and equipment above the ceiling tile. All stencils are included with rollers and ink for application upon request.

### CUSTOM OPTIONS

Stencils can be customized to fit any specific needs, such as:

- ▶ *Wording Content*
- ▶ *Equipment Number*
- ▶ *Branded Logo*
- ▶ *WHMIS Symbol*
- ▶ *Telephone Number*

Letter Height	Sheet Size
1/2"	3" x 8"
3/4"	4" x 12"
1"	6" x 15"
1½"	8" x 17"
2"	10" x 18"
3"	12" x 20"

**Note:** Sizing listed for both letter height and sheet size are the standard sizes which correspond to each other. Sizing may be altered based on legend length.

### HOW TO ORDER

- 1 Determine<sup>1</sup>** the letter height and sheet size which comfortably fits the sizing of the pipe(s) requiring identification.
- 2 Establish** the appropriate text and quantity that are necessary for the pipe(s) requiring information.
- 3 Contact** Primark via telephone, email or text message to receive a quote based on your identification necessities!

<sup>1</sup> Primark will recommend appropriate sizing according to the letter height necessary for custom sized stencils if there are any concerns.

# VALVE TAGS PLASTIC & BRASS

TAGS

## CUSTOM OPTIONS

Plastic Valve Tags can be fully customized to fit any specific needs & include:

- ▶ Different Tag Sizes
- ▶ Wording Content
- ▶ Equipment Numbers
- ▶ Branded Logo's
- ▶ WHMIS Symbols
- ▶ Telephone Numbers
- ▶ Custom Colours
- ▶ Any Custom Hole Sizing

## HOW TO ORDER

- 1 **Determine** the preferred shape, size and material of the tag required.
- 2 **Establish** the appropriate text, colour, and quantity of tags required for identifying valves.
- 3 **Contact** Primark via telephone, email or text message to receive a quote based on your identification necessities!

## Easy to order, read & apply.

**Product Description** Primark Valve Tags are suitable for all types of valves & for application in both indoor and outdoor environments. Plastic Valve Tags are typically circular, square or rectangular but can be made to fit any type of shape with a wide array of colour schemes. Brass tags are stamped with black filled ink for easily read text or number sequences. All Valve Tags are included with additional 4½" brass or stainless steel beaded chains for application.

### MaterialPrint

YELLOW BLACK	BROWN WHITE
GREEN WHITE	PURPLE WHITE
BLUE WHITE	PINK WHITE
ORANGE WHITE	ORANGE BLACK
RED WHITE	GREY WHITE
BLACK WHITE	SILVER WHITE
WHITE BLACK	WHITE RED

### Tag Sizes

#### Circle/Square
